SUMMARY

I am a dedicated Final Year Computer Science student at Anna University with hands-on experience in machine learning and software development. My experience includes in-plant training at NIC and working as an SDE Intern at Zentropy Technologies, where I develop backend systems using Python, PostgreSQL, and Apache Kafka. As a Placement Representative and member of the NSS, I excel in leadership and community engagement. I possess competencies in Python, C, SQL, and project management, and I am passionate about leveraging technology to solve real-world problems.

EXPERIENCE

SDE Intern

Zentropy Technologies

01/2026 - Present Chennai, TN

A FinTech and Data Science consulting company specializing in automated trading, portfolio management, crypto trading, and blockchain solutions using big data technologies, machine learning, and advanced analytics.

- Developed backend services using Python, PostgreSQL, and Apache Kafka. Implemented event-driven pipelines and REST APIs for scalable data processing.
- Worked on database operations, caching mechanisms, and system optimization.

In-plant Trainee

National Informatics Center, MeitY

06/2024 - 06/2024 Chennai, TN

A government organization that provides ICT services to the government

- Worked as an Intern (In-plant Trainee) at National Informatics Center (NIC), Chennai from 24th June 2024 to 28th June 2024

EDUCATION

B.E - Computer Science

Anna University - MIT Campus

10/2022 - 05/2026 Chennai, TN

CGPA (Till Sem 7)

8.2 / 10

Class XII (State Board)

Green Park Educational Institutions

06/2021 - 05/2022 Namakkal, TN

Percentage

92.8 / 100

Class X (CBSE)

Emerald Valley Public School

02/2019 - 05/2020 Salem, TN

Percentage

91.2 / 100

CERTIFICATIONS

Machine Learning Specialization - Coursera, Stanford - Online

Learned supervised and unsupervised learning, neural networks, model training, and machine learning system development

AWS Academy Cloud Foundations - AWS

Understand the AWS cloud formation, architecture, core services, pricing, etc

AI and Developer Productivity - LinkedIn Learning

Understanding the need for AI

OOPS Odyssey Event & Prestige Event - ACT

Recognized as a runner and winner in the OOPS Odyssey and Prestige events at TRIGGER'24 respectively

INTERESTS

DBMS

Deep Learning

ML

DSA

PROJECTS

Cross-Modal Attention Framework for Risk Prediction Using Vital Signs and Clinical Notes

12/2025 - 04/2026

Deep learning system for predicting ICU patient risk using multimodal healthcare data.

- Developed a model that integrates vital-sign time series data and clinical notes from the MIMIC-III Clinical Database.
- Applied cross-modal attention and transformer-based NLP models to improve patient risk prediction in critical care settings.

Heart Murmur Detection from PCG Signals

01/2025 - 04/2025

Deep Murmur: Heart Murmur Detection from PCG Signals

- Developed a deep learning model to detect heart murmurs from heartbeat sound recordings.
- Extracted features from audio signals (MFCCs) and used Transformer-based models to classify murmur presence.

AI-Enabled Web Chat Application

10/2024 - 12/2024

AI Chatbot using Java Servlets, Open AI & API

- Engineered a web-based AI chatbot using Java Servlets, JSP, and JavaScript, integrated with the Azure OpenAI API to dynamically process 7,000+ user interactions.
- Designed and implemented real-time client-server communication through a custom frontend, enabling interactive, AI-driven conversations for intelligent user support.

SKILLS

Python	C	Java	SQL	DSA	ML
DBMS	OS	CN	Unity	Photoshop	
Canva	MS Office	Kinemaster Video Editing			

KEY ACHIEVEMENTS

Placement Representative (PR)

PR for 2022 Batch Students Of Department of Computer Technology, MIT, Anna University (CUIC), from April 2024 to September 2025.

Unity 2025 Hackathon - Finalist

I'm one among the Finale Attendees of the Unity 2025 Hackathon conducted by Naan Mudhalvan.

Member of Association Of Computer Technology (ACT)

Successfully organized department symposiums like TRIGGER'24 and PRAYATNA'25 and conducted coding contests. Also played a significant role in video editing and poster designing.

National Service Scheme (NSS) Member

Involved in weekly cleaning activities, NSS summer camp, and cultural anchoring.

Taekwondo Club Member

Active member of the School Taekwondo Club, with achievements up to Green Belt.
